

## Samsung Smart TV Installation Guide

### IPTV Player io

Follow the steps below to install and configure **IPTV Player io** on your Samsung Smart TV using the Xstream Account option.

- 1 Turn on your **Samsung Smart TV** and press the **Home** button on your remote.
- 2 Open the **Samsung App Store**.
- 3 In the search bar, type **IPTV Player io**.
- 4 Download and install the application.
- 5 Once installed, open the **IPTV Player io** app.
- 6 Select **Add Playlist**.
- 7 Choose **Xstream Account**.
- 8 Enter the credentials provided in the email:
  - **URL**
  - **Username**
  - **Password**
- 9 Confirm and wait for the channels to load.
- 10 Enjoy! Your IPTV service is now ready to use.

**Important:** Do not share your login details with anyone.
